Symposia: Beyond Neural Connectivity: Exploring Higher Order Interactions in the Brain - Aula Giavanti (11:00 AM - 12:30 PM)

-Conveners: Livio Clemente; Marianna La Rocca

time	[id] title	presenter
11:00 AM	[239] Beyond Neural Connectivity: Exploring Higher Order Interactions in the Brain	CLEMENTE, Livio Dr LA ROCCA, Marianna
11:00 AM	[349] Multi-dimensional third-order statistical method to analyze cross-frequency coupling in EEG/MEG	BASTI, Alessio
11:20 AM	[350] Interacion Information in fibromyalgic patients: an high-order analysis of EEG connectivity in response to Laser-Evoked Potentials	CLEMENTE, Livio
11:40 AM	[334] Study of brain high-order interactions to evaluate therapy effects in migraine patients	LA ROCCA, Marianna
