

AIP Sperimentale 2025, 31° Congresso annuale

Friday, September 12, 2025

Mapping the Mind: Investigating the Relationships across Psychometric and Neural Variables through Network Science:
JUNIOR SYMPOSIUM - Aula E2 (11:00 AM - 12:30 PM)

-Conveners: Stefano Vicentin

time	[id] title	presenter
11:00 AM	[1018] Introduction to Network analysis and the contents of the symposium	VICENTIN, Stefano
11:00 AM	[555] Mapping the Mind: Investigating the Relationships across Psychometric and Neural Variables through Network Science	VICENTIN, Stefano
11:15 AM	[680] Understanding Meaning-Making in Daily Life Through Multilevel Network Psychometrics	ZAMBELLI, Michela
11:30 AM	[523] Personality architecture through healthy and pathological ageing	GOBBO, Silvia
11:45 AM	[551] Investigating Brain-Behavior Architecture Using Graph-Based Network Analysis: Preliminary Insights from Resting-State fMRI	Dr MENARDI, Arianna
12:00 PM	[1019] Wrap up and final discussion	VICENTIN, Stefano
