

Women In Olfactory Science

Friday, October 6, 2017

Olfactory receptors, chemical structure and animal models - Meeting Room, 7th floor (11:00 AM - 12:30 PM)

-Conveners: Marc Spehr

time	[id] title	presenter
11:00 AM	[6] Considerations on structure-odour activity relationships in humans	Prof. BUETTNER, Andrea
11:20 AM	[7] From odors to brain: how odor binding is transduced into electrical signals traveling to the brain.	Dr PIFFERI, Simone
11:40 AM	[8] The Amphibian olfactory system as a model to study neuroregeneration	Ms HAWKINS, Sara Joy
