

Organizers

Anuradha Jagannathan (Université Paris-Saclay)

Jed Pixley (Rutgers University)

Marcello Porta (SISSA)

Ulrich Schneider (Cambridge University)

David Weld (University of California Santa Barbara)

SISSA, Trieste, 7–10 September 2026

Quasiperiodicity and Fractality in Quantum Statistical Mechanics

Invited speakers

Eva Andrei (Rutgers University)

Simon Becker (Bocconi University)

David Damanik (Rice University)

Bryn Davies (University of Warwick)

Felix Flicker (Bristol University)

Miguel Gonçalves (Princeton University)

Adolfo Grushin (Donostia International Physics Center and CNRS)

Johannes Kellendonk (Université Claude Bernard Lyon 1)

Sangmin Lee (Harvard University)

Mitchell Luskin (University of Minneapolis)

Vieri Mastropietro (University of Rome Sapienza)

Cristiane Morais-Smith (Utrecht University)

Fabrice Mortessagne (Université Côte d'Azur)

Tomaž Prosen (University of Ljubljana)

Mikael Rechtsman (Pennsylvania State University)

Ulrich Schneider (University of Cambridge)

Yuki Tokumoto (University of Tokyo)

David Weld (University of California Santa Barbara)

Marko Znidaric (University of Ljubljana)
