

MoRePaS 2015 - Model Reduction of Parametrized Systems III

Friday, October 16, 2015

CT8 - Aula Magna Paolo Budinich (11:00 AM - 1:00 PM)

-Conveners: Gianluigi Rozza

time	[id] title	presenter
11:00	A17 Certified Reduced Basis Approximation for the Coupling of Viscous and Inviscid Parametrized Flow Models	Mr MARTINI, Immanuel
11:20	A18 POD model reduction for constrained optimal control problems	Mr GUBISCH, Martin
11:40	A19 Localization and adaptivity in Reduced Basis methods	Mr SCHINDLER, Felix
12:00	P20 Reduced Basis Approximation of Large Scale Parametric Algebraic Riccati Equations	Mr SCHMIDT, Andreas
12:20	P21 Optimal local approximation spaces for component-based static condensation procedures	Dr SMETANA, Kathrin
12:40	P22 A Certified Reduced Basis Method for Variational Inequalities and Optimal Control Problems	Prof. VEROY, Karen
